REIKI \$50

Reiki is a Japanese technique for stress reduction and relaxation that also promotes healing. It is based on the idea that an unseen "life force energy" flows through us all and is what causes us to be alive. If our "life force energy" is low, we are more likely to get sick or feel stress. If it is high, we are more capable of being happy, healthy, and whole. May be used in conjunction with aromatherapy, crystals and singing bowls.
